Dedication

It is with pleasure that we, the Senior Class of 1957, dedicate our yearbook to Mrs. Jack Stengell, class sponsor, in appreciation of her encouragement and guidance during these last six years. Her tireless work with the class in all its activities has indeed been an inspiration to all of us.

Class Will

We, the Seniors of 1957 - being of sound mind or at least, assuming same - do here-by bequeath those stand-out-like-a-sore-thumb features, admirable or not-so-admirable traits, quixotic notions, etc. of ours as individuals to a struggling, straggling few of those remaining who seem to need them most desperately.

- I, James Henry Duncan, leave my seat in Miss Mobley's geometry class to any Junior who thinks he can hold it down.
- I, Ken Smith, leave my love for Olmstead to Ann Piper. Good luck J.H.D.!
- I, Judith Upton, leave my gutted muffler to "Tish" and my seat in study hall to Gretchen.
- I, Patsy Byrd, leave nothing because I need everything I have!
- I, John Stratton, leave, taking everything with me, which is comparatively nothing!
- I, James Buckner, will Joe Daniels a punching bag, so that he won't have to go around punching people.
- I, George Allison, will Charles Lewis a rule book, so he won't have to argue about playing basketball.
- I, Fredia Taylor, leave my "little" brother, "Tank", to anyone who wants him!
- I, Barbara Simpson, leave my ability to "capture" one boy and keep him to Mary Frances Robertson. Good luck, "Fanny".
- I, Wanda Washer, leave my quiet ways to my study hall companions, Vivian P. and Dot B. They need it!
- I, Marolyn Williams, leave my summer school classes to Kitty O'dell.
- I, Eva Smith, leave everything I have ever learned to Joy.
- I, Walter Reed, leave my ability to appear intelligent in the classroom and then act a fool everywhere else to Lon Sosh.
- I, Jack McLean, leave my ability to be late to chemistry to Betty, the reason I was late.
- I, Jerry White, leave, giving my geometry book to the people who started the mess.
- I, Thetus Herndon, leave the rest of my stationery, pens, and stamps to Barbara Greer. I hope you profit by them as well as I have, "Bobby".
- I, Diana Shanklin, will Charlotte Sympton all my heavy books in hopes that she'll get more from them than I did.
- I, Phyllis Pillow, leave my quiet ways to Mary Lucy Franklin.
- I, Beverley Burchett, leave my ride home at lunch to June Lyne!
- I, Harvey Markham, leave my love for English to Bettye Jane.
- I, Gay Page, leave all the valuable information I learned at slumber parties to the "Pack".
- I, Pat Smith, leave one box of stationery and three bottles of liniment to prevent "writer's cramps" to Barbara O'dell.
- I, Bill Major, will my last two happy years in English to Ikey Duncan.
- I, Bobby Gilliam, leave my age to "Beans." Carry on, "Beans!"
- I, Bubba Hinton, leave my good times in English to some lucky sophomore!
- I, Vivian Riley, leave my love for twirling and cheerleading to Carole Andrews.
- I, Shirley Fennell, leave my "Yankee accent" to the girl with the hair that covers her ears!
- I, Deedee Dyche, leave my seat on all the pep buses to anyone who can sleep through the noise!
- I, Martha DeShazer, leave my knock-down, drag-out fights to Martha Duncan in hopes that she will keep them up as well as I have!
- I, Penny Cornelius, leave my love for math to Billy Joe McDougal.
- I, Delmar McCarley, will "Bumps" Todd a new business because he will soon be behind bars with his present one!
- I, Naomi Chapman, leave my ability to blush to June Milam in hopes that she won't blush as frequently as I did!
- I, Gayle Higgins, having no outstanding ability, leave my love and good wishes to one and all.
- I, Alma Head, leave my love for Fords to Nancy Dilliha.
- I, Sue Taylor, leave my ability to talk all second period to Vivian Page, who, I know, will make good use of it.

The entire class leaves its gratitude and good will to the faculty, our parents, and interested friends. Your help and encouragement have made our school life both pleasant and profitable, paving the way for our future progress.

FORESHADOWS

The year is 1975. The class of Russellville High School graduated in '57 have long since established themselves along life's grueling way. Let's take this opportunity to look in on the "dungaree dolls" and "teenage sugar daddies" of long ago, the Senior Class of 1957.

We're walking down Life's Avenue. It's a beautiful day to visit old school chums. Spring is in the air; the birds are singing; the flowers are blooming. . . Hey! Will you look over there! It's a real ritzy-looking place with a big neon sign over the door. It reads, "George (Cool it) Allison's Emporium of Wild Dancing."

Va-room!! Yeeks, what in thunderation was that! Durn fool driver. . . Look out! He's coming back! Wait a minute; there's a sign on the side of his car. "Pops" Buckner, Professional Hotrodder. Might have known.

I understand that Gish Arnold has reached his first plateau on the \$64,000 Question program. His category is literature of Mickey Spillane."

You remember Beverley Burchett, the skinny girl who gained 25 pounds in three months? Well, she kept on gaining and now she's the highest paid "fat lady" Barnum-Bailey Circus ever had.

There's Byrd Laboratories right down the street. Patsy was always scientifically inclined. I'm told that she has discovered some strange, new gas. Something called "oxygen".

Say! There's a real place to eat right around the corner. It's Spencer "Sloppy Sam" Cornelius's "Greasy Spoon and Slop Shop". We'll be sure to drop by for dinner. Right now let's go on down the street. My goodness! Look at all the kids! Looks like Martha Duncan has accumulated quite a family since school days.

Right over there is the theater in which Harvis Markley (known to us as Harvey Markham) made his debut. A singing sensation for many years, Harvis recorded such hits as "Bird Dog" and "Love Me Tenderized".

I'm sorry that we won't be able to see ALL our classmates today. Some--well, take Diana Shanklin for instance just can't be here. Diana is in the penitentiary for women. Seems she was charged with "Cruelty to the human race".

Thetus Herndon (you know, the football queen of '57) isn't around either. I expect that by now she's quite "germy". She's been in Germany ever since we graduated. She married a soldier stationed over there (Bill Smith, I believe). No doubt, there's quite a few little "germs".

I've heard that Ken Smith (football Co-captain of '57) had done very well for himself. He's now the very distinguished President of a very distinguished organization, "Liars Club of America". Always knew he had it in him.

Wonder what happened to James Henry Duncan (the other Co-captain). Last I heard was that he was "moon-shinin'" in the hills, and the revenuers got him. Tough luck.

I had a soda this morning at Perry's Drug Store in Russellville. Jack McLean is soda-jerking there now; Duncan's hired him. And he was doing so well, too.

If any of you girls are interested in getting "prettied-up" or beautified in any way, there's the nationally-known "Marolyn's for Beauty" shops at your convenience. They're owned by Marolyn Williams, and their mudpacks are the best, because they use only the muddiest of muds.

On the outskirts of town, we might find Gerald "Scrooge" White's Finance Co. But this word of warning: don't deal with him. He's a "shark".

Of course, you remember the literary-minded girl in our class. Well, Gay Page is now recognized as being a writer of novels, real novels. Her best-known is a thriller about the Civil War, "He was a Confederate Soldier, But He Wore a Union Suit".

Did you ever suspect that there were movie stars--to-be in the graduating class of '57? Judy Upton has just completed her first picture. It was a re-release of "Captain Horatio Hornblower". Judy was the "hornblower".

Shirley Fennell is a grease monkey at the Rockwell Plant. She real slick.

Down the "Trail of Matrimony" tripped many of our girls. Deedee Dyche is the wife of a well-known doctor; Pat Smith and Wanda Washer also fulfilled their life-long ambition. That's a heck of an ambition, now isn't it?

Today, people, Bobby Gilliam is a mathematical genius. Geometry was a favorite subject of his in high school. He maintains to this day that a circle is "a line that turns around and meets itself."

That's Alpheus Hinton asleep in that show window over there. It's his new job. He demonstrates mattresses.

Our time is running short; so, quickly, here are bits of information concerning those graduates yet to be run down. . .er. . .mentioned. Eva Smith is teaching school (of all the. . .). John Stratton is a "playboy"; Gayle Higgins runs a coffee shop; Bill Major is a skindiver in a beer vat; Barbara Simpson is existing; Delmar McCarley is real gone; Alma Head. . .got the "chair" long ago; Sue Taylor is in the Navy; Naomi Chapman is still chasing John; Celida Highsaw is around, so's Dorothy Tillet; Phyllis Pillow is a successful lady doctor. Her first operation was a success; the horse lived. That's right; she is a veterinarian. Vivian Riley. . .is getting old and so are we all. . . you're tired of reading, and I'm tired of writing. . .let's call it a day.
